TARGET:

- Center 3" :: Points = 3
- Middle 8" :: Points = 2
- Outer 14" :: Points = 1

A weapon cutting the line between point values counts as the higher value.
 The weapon must be sticking in the target to count; spears may not touch the ground.
 The front of the thrower's foot may not go past the distance line.
 The thrower may request a scoring and retrieve at any time.

REQUIRED for SCORE: *Weapon(s) with more than one striking surface must have the edge marked that will count for scoring. *All scoring must be witnessed by a TW marshal and one other person. *RR must take place at an event or published practice to be counted. *Once the thrower declares the start of a scoring round, they must complete that round before beginning a new round. *Refer to complete RR rules page for details of "calibration rounds".
 Submit all scores to thrownweapons_scorekeeper@eastkingdom.org by the 25th of the month. (effective 2020Jan1 v-1)
